August 29, 1975

Lt. General Vernon A. Walters  
Deputy Director  
Central Intelligence Agency  
Washington, D.C.

Dear General:

On behalf of the Chicago C.I.C. Association, I want to thank you and compliment you on the excellent address you made before our national convention on August 2, 1975. In all the years that we have been having conventions, I don't think we ever had a more interesting and informative speaker.

I have a request to make of you, and that is I taped your remarks and turned the tape over to your aide. We have had numerous requests from our membership to obtain a copy of your address. I would appreciate it if you would furnish us with either a transcript of your remarks or a copy of the tape.

Again, on behalf of the Chicago C.I.C. Association, I wish to thank you for coming to our convention. If you are ever in Chicago and could give us a few days notice, we would be pleased to arrange a luncheon or dinner with our membership.

Very truly yours,

*Robert W. Rooney*
